

**“I chose to work with seniors because they are our parents, grandparents, aunts, and uncles. They made me what I am today, and I want to enhance their quality of life.”**

**About Seema Kulkarni, MSN, ARNP FNP-C**

Seema Kulkarni knew she wanted to work in healthcare when one of her daughters was born. “The excellent care I received while in the hospital made me want to extend compassion to patients, as well,” Seema says. Today, Seema is an experienced family nurse practitioner who provides quality care for her patients’ whole bodies – not just for what’s wrong, but also lifestyle factors that increase their happiness. “I chose to work with seniors because they are our parents, grandparents, aunts, and uncles. They contributed to our society. They made me what I am today, and I want to enhance their quality of life,” Seema adds.
